Robin Heyser, Capital Campaign Chair

Designing the new EBACC Community Center has been a long but exciting process and we want the community to know how much thought and dedication we put into the decisions thus far. Below are just a few of the steps we have taken to ensure that good choices have been made.

★Conducted needs assessments: EBACC conducted a feasibility study, focus groups and surveys with volunteers, employees, and the community to compile the needs for the new center. ★Established a Project Team: EBACC created a Project 22 Building and Grounds Committee to assess the needs and the steps that should be taken to guarantee success for the project. ★Selected and Secured Location: In 2022, EBACC Board of Directors located and secured the old Adams County Fairgrounds property, which is a 22 acre piece of land, 2.5 miles from our current location. In May of 2026, EBACC paid the \$600,000 mortgage off and we now own this property.

★Developed a Conceptual Plan: EBACC brought department heads and volunteers from different areas of the operation and developed a blueprint and outlined how the center will function and flow and then identified the key building areas needed.

We thought of multipurpose rooms, meeting rooms, recreational spaces, retail space, the fitness center, kitchen, banquet and office spaces. We put a lot of thought into storage areas, restrooms and locker room areas. It brought us to a solid framework that created the preliminary renderings that many of you may have already seen. ★Finalize the Plan: EBACC is now at the stage of finalizing our plans. We are interviewing and selecting an architect and civil engineer to detail the plans to create architectural drawings and construction documents. This is a big step and we are looking forward to sharing all of this in the near future. Some of the next steps are: ★Continue to Collect Community Input ★Raise Funds through the capital campaign "Reach 4 The Stars" Campaign for the Community ★Oversee the Infrastructure Phase of the Project ★Oversee the Construction Phase of the Project ★Complete the Interior and Exterior Design of the Project ★Install Security and Safety Measures ★Plan Programs and Operation ★Advertise and Open the Center ★Collect Community Feedback.

This will not happen quickly. This Project has to be well-thought out and indicates a deliberate, purposeful creation designed to handle likely outcomes effectively. We know the community expects EBACC to be fiscally responsible with the donations received and will be obtained and I personally take this very seriously. This is one of the reasons we have taken the time to do this right the first time, hopefully with as few mistakes and setbacks as possible.

For more information about getting involved, sharing your thoughts or finding out more about Project 22, Reach 4 The Stars Capital Campaign, contact Robin Heyser, Capital Campaign Chair, Project 22 Building and Grounds Chair, at r.heyser@ebacc.org or call 443-995-4283.

Property maintenance is everyone's responsibility. Thank you for doing your part to keep East Berlin Borough a great place to live, work, and play!

A MESSAGE FROM THE ORDINANCE OFFICER, CRAIG SHAFFER

The Ordinance Officer is responsible for helping to ensure that properties within the Borough comply with the Borough Code. This includes addressing conditions that may affect the safety, health, and welfare of residents and the overall appearance of our community.

Our goal is to work with property owners and residents to resolve issues before they become violations. When concerns are observed, a door hanger notice similar to the one shown is provided as a friendly reminder of specific ordinances that may need to be addressed.

If you receive one of these notices, please review the listed items and take appropriate action within the timeframe provided. Prompt attention helps avoid further notices, potential fines, and ensures that East Berlin Borough remains a safe, clean, and attractive place to live and visit.

To have large trash items removed, please call
Waste Connections at 717-709-1700.
